Villupuram, Tamil Nadu

SUMMARY

A recent graduate with a Bachelor's degree in Computer Science Engineering, skilled in Python programming, web development, and networking. Possesses theoretical knowledge and practical experience gained through academic projects. Eager to apply skills in a professional setting to contribute to innovative projects and gain hands-on experience. Strong problem-solving abilities combined with a passion for learning and adapting to new technologies. Seeking opportunities to grow and excel in the field of computer science and engineering.

EDUCATION

IFET College of Engineering
Bachelor's Degree in Computer Science
CGPA - 7.14
2020 - 2024

TOOLS

- N-map
- Wireshark

SKILLS

- MS Office word, Excel, Power Point, Outlook
- Strong organizational and time-management skills
- Communication skills
- Ability to work independently and as part of a team
- Experience in managing budgets and handling financial documents

CERTIFICATIONS

- Introduction to Cybersecurity Certification
- Cybersecurity Essentials Certification
- Introduction to Packet Tracer Certification
- Introduction to Networks Certification

PAPER PRESENTATIONS

Street Light Monitoring System in IOT
Jawaharlal Nehru Collage | 2024

Technical Symposium on Recent Trends in Digital
Krishnaswamy Collage of Engineering & Technology | 2022

PROJECTS

Heavy Vehicle Management System
IFET Collage of Engineering | 2023

- Online heavy vehicle Booking management System is developed to manage all heavy vehicle hiring work online.
- It useful for heavy vehicle booking agency that are specialized in Hiring heavy vehicle to customers.
- This paper explores the fuel savings that can be achieved by optimizing the speed trajectory of a heavy-duty truck traversing a sequence of intersections.

INTERNSHIP

IOT USING MACHINE LEARNING
Pantech E-Learning | 2022

- Completed an IoT Using Machine Learning internship.
- Gained knowledge about IoT and machine learning.
- Learned how IoT plays a vital role in our daily lives and how it works.
- Acquired hands-on experience in both IoT and machine learning.
